Subject: Requested PPAP Elements according to VDA / AIAG

Dear Business Partner,

A Coversheet / PSW is the standard release documentation provided to our business partners.

Please note that our products are internally released according to relevant standards and are produced under a certified quality management system in accordance with defined requirements.

Based on the above statement it is TE Connectivity's intention to not extend the PPAP documentation further, than the Coversheet / PSW standard documentation.

Yours Sincerely,

A handwritten signature in grey ink, appearing to read 'i.v. Peter', with a long horizontal stroke extending to the right.
