Material

50372611

Order

6012545785 000040

Delivery

6214731406 000010

Batch

S2408204.

Batch/Qty

150.000 KG

Total

14000.000 KG

Transport

WHSU2966617

Characteristic Method	Unit	Value	Lower Limit	Upper Limit
Moisture Content acc to ISO 15512	%	0.085		0.150
Reinforcing filler (glass / mineral) acc to ISO 3451	%	34.85	33.00	37.00
Viscosity Number acc to ISO 307	ml/g	144.0	127.0	157.0

The above results are means of individual test values determined on samples taken during production of the lot.

The above-mentioned data describes the relevant parameters of the product at the time of issuing this certificate of analysis (CoA). The data is controlled at regular intervals as part of our quality assurance program and is provided for reference only. The contractually agreed quality of the product at the time of passing of risk is exclusively determined by our product specification. Unless specifically agreed by the Parties in writing signed by authorized representatives, no suitability for a particular use shall be presumed or implied based on the CoA and the customer is solely responsible for determining and verifying the suitability of the use of the product for any purpose.

Attention! Please note that the certificates of analysis are also conveniently available on your BASF online portal.
