Material

50492937

Order

6012767395 000010

Delivery

6215043397 000010

Batch

1XFA1205

Batch/Qty

22500.000 KG

Total

25500.000 KG

Transport

沪FR5537

Characteristic Method	Unit	Value	Lower Limit	Upper Limit
Moisture Content according to ISO 15512	%	0.07		0.15
Reinforcing Filler (glass / mineral) according to ISO 3451	%	34.99	33.00	37.00
Viscosity Number according to ISO 307 (Sulfuric acid)	ml/g	142	120	150

Product is in agreement with specifications.

The above information is derived from our Product Quality Testing. It is provided in good faith and is subject to BASF's terms and condition of sale. It does not relieve the purchaser from the need to examine the product upon delivery and gives no assurance as to the suitability of the product for any particular use.

The above-mentioned data describes the relevant parameters of the product at the time of issuing this certificate of analysis (CoA). The data is controlled at regular intervals as part of our quality assurance program and is provided for reference only. The contractually agreed quality of the product at the time of passing of risk is exclusively determined by our product specification. Unless specifically agreed by the Parties in writing signed by authorized representatives, no suitability for a particular use shall be presumed or implied based on the CoA and the customer is solely responsible for determining and verifying the suitability of the use of the product for any purpose.

Attention! Please note that the certificates of analysis are also conveniently available on your BASF online portal.
